

# Blue Knob Farmers Market

## STALL HOLDER APPLICATION FORM

### MISSION STATEMENT

The main aim of the Blue Knob Farmers Market is:

**to support the production of wholesome local food and the strengthening of a local community.**

*By wholesome we mean food grown as close to natural as possible, i.e. gardening practices that foster healthy soil development and actively minimise the use of artificial inputs, such as pesticides, herbicides, and fertilisers.*

*By strengthening the community we mean building relationships of trust between both the growers and producers and between the grower and the customer. For trust between producers we ask that stallholders be willing to open their farm, garden or kitchen for visits from other producers at least once in a year. The trust between producers and customers will happen naturally but can be helped by public farm visits.*

With this mission statement in mind, do you think that your stall would fit comfortably into our market?

(Please explain how) .....

.....

FARMER / STALL HOLDER .....

TRADING AS: .....

ADDRESS: (not PO Box).....

TELEPHONE:..... MOBILE:..... EMAIL:.....

PRODUCTS INTENDED TO BE SOLD.....

.....

\* If you change the products that you sell please let us know before you sell the product.
